

Plan B Solutions

- Note Short, Medium and Long Term perspectives
- Feasibility of development and implementation
- Cost to implement
- Cost to operate
- Energy saving v energy to implement and operate
- FAA budget
- Airport based. Aircraft already operating

Plan B Solutions

- SWIR laser diode w visible LED, induction lighting or Quartz IR backpack
- Co-locate IR device w new LED
- Remote operated incandescent lamps or IR emitters, via Pilot, Controller, Transponder or auto RVR sensors
- Reduced footprint
- Reflectors
- Do nothing
